

# Honey Badger Bee

**Story:** Honey Badger Bee is a quick paced side stroller game where you are a Honey Badger part Bee who is getting rejected at the beehive. You can fly and also shoot out stingers. Your only means of escape is to buzz out of the beehive before the Queen Bee's henchmen

**Controls:** tap quickly to maintain your levitation. Double click on enemies to shoot stinger

**Objective:** You are trying to fly out of the bee castle before the bee henchmen catch you or collect enough honey to give the offering to the bee community to accept you for each level. You are constantly flapping your wings to avoid getting stuck in honey piles and getting through the honey comb maze. You have a killer stinger that can regenerate over a short period of time
